

# CADALOG DATA PROCESSING AGREEMENT

CADALOG DATA PROCESSING AGREEMENT (DPA)

Version 1.0

March 2026

This Data Processing Agreement describes how CADALOG processes personal data on behalf of users of the CADALOG service.

## Roles

Users of the CADALOG platform act as Data Controllers.

CADALOG acts as a Data Processor for the purpose of providing the service.

## Purpose of Processing

Personal data is processed only for the purpose of:

- Providing access to the CADALOG service
- Authenticating users
- Managing subscriptions and licensing
- Maintaining platform security

## Categories of Data

Data processed may include:

- Name
- Email address
- Company information
- Technical usage data

## Security Measures

CADALOG implements reasonable technical and organizational measures to protect personal data from unauthorized access, loss, or misuse.

## Subprocessors

CADALOG may use trusted subprocessors including:

- Stripe (payment processing)
- Analytics providers

These subprocessors are required to comply with applicable data protection regulations.

## International Transfers

Data may be processed outside the European Union by trusted service providers that comply with appropriate safeguards.

## Data Subject Rights

Users may request access, correction, or deletion of personal data through [support@cadalog.pt](mailto:support@cadalog.pt).

## Termination

Upon termination of service, personal data may be deleted according to applicable legal obligations.
